We've got that. "nonslip" can be added using the Shop Tool.

- **Add Low Slip** if you require low slip bags, film or tubing to decrease the likelihood of a product sliding when packaged. Mattress bags are a good example. Low slip bags are formulated with low slip additive.

We've got that. "low slip" can be added to most of our poly. Complete the details in the Shop Tool above.

- Use Low Slip when you need increased friction between films.
