

NOTE: Colors shown are for representation purpose only.
For more exact color match, refer to a PMS color chart.

Gray background represents clear material and does not print.

Inks are translucent in nature. The colors will appear translucent on the finished product. This design does not have white behind the colored inks. White behind provides opacity to the inks.

Microdots will print and appear on final product. Microdots are used to register the print.

■ Black

NOTE: No print on this side of the bag.

Gray background represents clear material and does not print.
